

School Safety Anonymous Tip Line

Ashland Public Schools

CALL: 508-881-0144

As recommend by state and local law enforcement agencies,
“If you see something, say something”

The safety of students, staff and families is a priority for the Ashland Public Schools. However, no community is immune from the threats of violence and drugs that endanger public schools nationwide. We have created a School Safety Anonymous Tip Line for students, staff and parents to help prevent these situations. It is designed to allow you to report any wrongdoing that impacts our schools, our students or our staff—anonously. When you call 508-881-0144 simply leave your message. Your message will not be traced and you will not be identified. Every message will be delivered to school officials, and investigated so that appropriate action can be taken. It is up to all of us to make our schools and community a safe place for our children to live and to learn.
